SHAIKH REHAN SHAIKH KHALED

MCA Student | Aspiring Data Analyst

Aurangabad, Maharashtra | 7499207772 | shaikhrehan1724@gmail.com

CAREER OBJECTIVE

Motivated MCA student seeking an internship opportunity in Data Analytics, Data Science, or Python. Interested in working with data, databases, and machine learning while gaining practical industry experience. Eager to learn new technologies, strengthen technical skills, and contribute to real-world projects.

EDUCATION

Master of Computer Applications (MCA) JNEC, MGM University | Expected 2027	**CGPA: 6.45** 2nd Semester
Bachelor of Computer Applications (BCA) Dr. G.Y. PATHRIKAR College of CS and IT	**CGPA: 7.61**
Higher Secondary Certificate (12th)	**72.50%**
Secondary School Certificate (10th)	**68.20%**

TECHNICAL SKILLS

Programming	Python, Java
Database	SQL, MySQL
Web Technologies	HTML, CSS, PHP
Data & Analytics	Basic Data Analysis Concepts, Basic Statistics
Machine Learning	Basic Machine Learning Concepts
Tools	VS Code, Google Colab, Git & GitHub
Other	Android Studio, Firebase, XAMPP

PROJECTS

House Price Prediction | Python, Linear Regression, Google Colab

- Worked on a machine learning project for predicting house prices.
- Performed basic data preprocessing and prepared the dataset for model training.
- Used a training and testing approach to evaluate the model.
- Applied Linear Regression for prediction and evaluated performance using R^2 score.
- Gained practical exposure to the basic machine learning workflow.

AI Resume Screening System | Python, Machine Learning, Data Science *(Currently Developing)*

- Developing an AI-based project for analyzing resumes and assisting with candidate screening.
- Exploring how data and machine learning can be used for recruitment-related problems.
- Working toward building a practical data science application as part of academic project work.

Smart Canteen Management System | Java, Android Studio, Firebase

- Developed an Android application for digital canteen management.
- Implemented user authentication, food menu, cart, and order tracking.
- Used Firebase for storing and managing application data.

RELEVANT COURSEWORK

Data Science & Visualization • Machine Learning • Statistics & Probability • Data Warehousing & Data Mining • Database Management Systems • Python Programming • Data Structures & Algorithms

STRENGTHS

Quick learner • Problem-solving • Logical thinking • Willingness to learn • Team collaboration • Interest in data and technology

LANGUAGES

English • Hindi

INTERNSHIP INTEREST

Data Analyst Intern | **Data Science Intern** | **Python Intern** | **Machine Learning Intern**
